Marriage Records

Marriage records are wonderful, I hope that in these records you will find something you didn't know before, I certainly did.

This wonderful family keeps

coming out of hiding more and more everyday. I am excited that as we share our source records that we find with each other we can con-

tinue to find new friends and relatives.

These past years have been very challenging and rewarding for Nuckolls/ Nuckols research. I have met so many folks as a result of sharing with this family. I continue to strive to find more records to share with the group in order to keep the dream alive that one day we'll luck up and find the connection to the family that James, the immigrant, came from. More and more records are coming online which makes it easier and faster for us to research the different family lines, lately Parish Records from England are coming online and I

look forward to seeing all the inroads we make with these super records.

It's my hope that you will share your records with the Society so that they can be published in future newsletters.

As always, I hope you appreciate the efforts by this humble editor.

Adrienne Hopkins

New Newsletter Editor

I just wanted to let the family know that I will be turning over the reins of the newsletter to Sandi. I have been doing this a good while now and it's time for a change. Sandi has some great new idea's and I know you will all enjoy future issues. I have really enjoyed the challenge of doing a newsletter, I never knew it was such hard work to come up with new information that would be of interest to all of the family researchers. Thanks for giving me that chance.

Sincerely, Adrienne Hopkins
