THANKS ADRIAN

I wish to thank Adrian for all of her hard work as editor of our newsletter for almost two years. Due to some personal issues within her family, she has temporarily resigned. I realize that I can never match the wonderful things she has accomplished with the Nuckolls Newsletter, but I will give it a great effort. You will notice the format has changed and I hope you enjoy it as much as you have in the past. I wanted to try and reach the several members who do not have any access to a computer or email on our wonderful list and rely on the newsletter for their information. Again, **THANK YOU**, Adrian for a job **WELL DONE!**

This newsletter will usually include one article in the following topics: **1) Men in the Military**- Those who served in the many wars defending our right to be an American, the battles they fought and some history around them and the battles. **2) Missing Children**- These will include family lines that have never found their connection to James Nuccol. I will try to include as many facts as possible so that maybe someone can help them in their quest to find their ancestors. **3) New Leaves**- Recent births which add to our family tree **4) Obituaries**- Obituaries are sometimes great biographies and can give so much information that we would never had known, and also family connections we are forever seeking. **5) Nuckolls In The Law**- this one may not appear very often. (LOL). In my Evilsizer newsletter, there are many times my ancestors appear in the paper for the bad things

they did that it requires a special section. But our Nuckolls were such well educated and upstanding citizens, I may find this area hard to fill. At least **ONE** side of my family has great genes. **6-Lost and Found**- Hoping to have lots of these. This will be a section dedicated to those who have recently linked their ancestor who has been unconnected for many years; and tied their leaves to our tree, via the wonderful world of the Internet.

7- New Cousins- New subscribers to the newsletter which will include their connection, address and email info.

I hope you enjoy the new format, and please send any and all articles that you find others may like to read.

INTERNET SIGHTS TO CHECK OUT

<http://www.ellisland.org/>

If you have not tried the new Ellis Island site, it is time NOW! When it first went on-line, it was almost impossible to connect, but now it has slowed tremendously and it is great. There is a wealth of information to be found there.

KENTUCKY RESEARCH

I know there are many of those who descend from the Kentucky Nuckols. The Kentucky GenWeb pages are great for research. The archives are at

<http://www.rootsweb.com/~usgenweb/ky/>

Many of these pages connect to another County page with much more info.

MEN IN THE MILITARY

Joseph Lewis Nuckolls was born 10 May 1842 in Louisa Co, VA the son of Edmund B Nuckolls and Martha Ann Nuckolls. Joseph married Willie Maria Dickinson 12/27/1869 in Virginia. Willie's parents not known.

Joseph Enlisted as a Private in Co. D (The Louisa Blues), 13th Va. Inf., in Louisa County, Virginia on May 2, 1861. He was wounded at Cedar Mountain on August 9, 1862, and paroled at Beaver Dam, Virginia, May 9th, 1865. -- Source--"13th Virginia Infantry", David F Riggs, H E Howard, Inc, Lynchburg, Virginia, 1988, p. 132

Cedar Mountain, August 9th 1862.

This battle was probably **THE** battle of the 13th Virginia Infantry Regiment. After the war veterans of the Regiment referred to this battle as "pre-eminently our fight". The fight started with the Regiment placed in the middle of the Confederate line and as the extreme left regiment of Early's brigade. To the left of the 13th the Stonewall brigade was placed (under James A. Walker). The Federals closed in on the Confederates, and the fighting was intense for several minutes. Then the two brigades just to the left of Early's brigade fell back as well as several regiments to the right. Only the 13th and 31st Virginia stood their ground in that sector of the battlefield. Walker recognized the danger to a confederate artillery piece right in front of him and ordered both regiments forward to protect the gun. At the same time the Federals had enveloped the left flank of the 13th, but still the men fought in good order. Walker withdrew the regiment 200 yards, halted, and rallied.

Jackson's division. He noted that few regiments were "standing firm" and was undoubtedly pleased to find his former command among these regiments. Encouraged by the reinforcements the 13th recaptured it's position from the Federals and stood firmly for about ten minutes while exchanging shoots with another blue line in a cornfield. The Federals then collapsed and the graycoats cleared the field of the enemy. Just then Federal cavalry attacked to the left of the Regiment. The men executed a "left wheel" and poured a volley into the flank of the union cavalry, which broke the attack. At this time, when everything looked grim for the

graycoats, and that the mighty Stonewall Jackson would suffer a defeat, A. P. Hill arrived with the last of The pride in the Regiment was justified, their stand had bought Stonewall Jackson precious time. Colonel Walker praised his mens' bravery and disciplined valor. General Early declared that "the men of the Regiment are capital fighting men, there being none better in the Army". He also cited Terrill for great gallantry and recommended Walker for Brigadier General, which receive Ewell's endorsement. Although in the midst of the heavy fighting the Regiments' loss was two killed and 32 wounded.

AUGUST 9, 1862.-- Battle of Cedar Run, or Cedar (or Slaughter) Mountain, Va. No. 29.-- Report of Col. S. Crutchfield, C. S. Army, Chief of Artillery. -Col Crutchfield's report is seen at <http://hjem.get2net.dk/ronlarsen/Cedar%20Mountain.htm>

OBITUARIES TELL FAMILY STORIES

NUCKOLLS' RITES ARE HELD SUNDAY AT PLAIN DEALING

Plain Dealing, La, May 2 - Funeral services for James Oliver Nuckolls, 84, Confederate veteran, resident of Louisiana for 60 years, who died at his home here on Saturday afternoon at 3 o'clock at Salem Cemetery, near Redland, with the Rev. Ernest Scott, pastor of the Plain Dealing Baptist Church officiating.

The rites were attended by Gen. W. T. Laseter of Shreveport, a close friend, who draped the casket with the Confederate flag. The deceased was born at Huntsville, Ala., May 17, 1847. He came to Louisiana with his brother, Dr. John Nuckolls, when about 15 years of age and remained for a long visit with his uncle, Col. James Sandidge. Mr. Nuckolls joined the third Louisiana battalion artillery division when only 17 years of age and at the close of the war remained in Louisiana. He was married to Miss Olivia Kirtley and to this union seven children were born: Sam E. Nuckolls, Mary E. Stewart, wife of N. W. Stewart, John F. Nuckolls, Shelly A. Nuckolls, Addele O. Simpson, wife of W. A. Simpson, and James Oliver Nuckolls, Jr. After the death of his first wife, Mr. Nuckolls married Miss Essie E. Barnett. To this union one child was born, Ruth E. Nuckolls, wife of Milton B. Kidds. His second wife is also deceased.

Mr. Nuckolls joined the Baptist church when 17 years old and had been a devoted member.

Mr. Nuckolls, in a issue of the Bossier Banner, wrote a story entitled, "The Confederate Soldier," which dealt with the position in history of the Confederate soldier.

LOST AND FOUND

Jackie Maurer recently found her ancestry by contacting me with her family information. Her mother was Dorothy Lucille Nuckles, the daughter of George Taylor Nuckles, born in Bowling Green, MO 1882 to a Richard Nuckles and Ella Robinson. This was all she knew until she contacted us When I searched the new LDS 1880 Census records in Bowling Green, MO. I was able to match up her Richard in our database as one of the children of George W Nuckles and Mary Pauline Eubanks. This is Jackie's descendant chart.

NEW COUSINS

Welcome Wesley Otis Nuckles

Thanks once again to this wonderful 1880 Census from the LDS Church. We now have a new cousin who has found his ancestry. He knew his father Otis Nuckles was born to Walter E and Rosa (Ruth) Nuckles. Over the years and correspondence with others, he had linked with a descendant of George W Nuckles from West Virginia who was a son of John Eubanks Nuckles and Jane McAlister. He has never been able to prove his connection. When the 1880 Census showed Walter E as a son of John and Jane (McAlister) Nuckles in Mason Co, WV, it was the proof he had been searching for.

Here is his chart:

Letter from Ezra Nuckolls dated November 4, 1855 written to his brother and sister Cherokee Co, Leesburg, Alabama. Submitted by Charles Nuckolls charlesnuckolls@prodigy.net.

My Dear Brother & Sister

Your kind forward of 15th Sept was duly received & found ??? all in the enjoyment of good health. I have delayed writing until now thinking I would have something of some interest but have not and can't think of waiting any longer as I am very anxious to hear from you all. Brother Clarke started to Va 10th Sept. went to Knoxville by Rail Road and then to Wytheville by stage six days trip from home to Grayson settled our business. This and arrived home the 6th October came home by public conveyance also, coughing He was sick all the time he was gone ??? give very little information on

satisfaction of matters & things in that County did not go to old town nor no where else but to Elk Creek and once to Independence seemed to be rather ?unlish since his return probably from the fact that it is hard times here about money matters, I received a letter from Brother Fielden of the Death of Sister

Evalina on the 10th Oct which you doubtys have heard before this in the same letter he wrote that Eli & Mother had advertised to sell off all Mothers property except slaves and to live them out on 25th Oct that is the last and all I have heard of it If they had have wanted to sold the negroes without my presence they had better have sold them this fall provided I live not that I ever expect to make enough by being their to pay my expenses but I like to see even handed Justice to all. I have 5 negroes to sell this fall

as Executer three boys & 2 girls. The sale comes on 22 this instant I want to buy one of the boys 22 years old and his wife 16 years old if they don't go too high but they are very likely and I am determined to make them bring the last Dollar I can whether I get them or not. This is the property of ???(Hemae) Sullen married a daughter of James Hail died three years ago with consumption made a will and appointed me his Executer his widow died in July last with Consumption leaving 5 children 2 boys & 3 daughters the oldest a boy 12 years old Youngest a girl 4 years old I shall have to raise two of the children if no ??? their had been nothing done with the property so it Will all be to sell. Now Sir you sometimes speak of tall bidding if you could be here at that time you should see some as them children has no one to look too but myself for Justice & protection and I am determined the property shall bring the last possible Dollar. I have a particular anxiety to make them Negroes at Mothers have that Country a bring a price. I acknowledge that Negroes are flesh & blood and should be treated humane but have come to the conclusion it is not best to consult a Negroes notions too much Particularly when they are tankered with by un???? while ????. I think my Cousin Wm Dickenson made my boy Gilbert some promises more than he ought best as it has turned out I ??? very well with him got a girl that is start

& likely about grown some 14 or 15 years old ??? me to give Lucinda which I done when I returned from Virginia who was worth more than the girls I give Martin & Sarah but I have paid them \$100 a piece in cash to make them equal had like to have forgot Sarah had a fine daughter 3 weeks old today both doing well Sarah has improved very much since you saw her. Jestain (or Jesteris?) had son born 12th of September weighed 10 lb when first born both well & hearty their has been a good deal of Fever & Agne and Home Fever in our County this season my family and the most of the ??? have enjoyed

good health. I have a great desire to visit you at your new home and intend doing so next summer or fall if not prevented by some unforeseen occurrence. I have no expectation of moving from where I am in fact I think it would be folly in me to move I have so much land here as I ever will want all paid for and am making money slowly we enjoy good health all my children are here and have been raised in the South. I haven't any idea we would be as healthy in Mo. As we are in Ala Our Climate is mild and pleasant Winter and summer and if we try we can live as well here as any place in the world, I have no Idea our Country is any thing in comparison with Mo as to fertility ??? but we can make plenty I made from 50 to 60 Bushels of corn to the acre off some of my land this season and I have sold 140 Bushels of Wheat Of my own raising this season for \$140 Cash in hand and could have sold more but believe it will be higher Agents are traveling through the Country picking up every Bushel they are buying for the European armies and every thing we make will sell for Cash at fair prices corn is worth from the high ??? 30 to 37 1/2 cts for bushel this season we are convenient to market with any thing we make I bought my dry goods in New York this fall the freight from New York to my door was about 1.75 cts for Hundred Insurance included and only 10 or 12 days from the time they were shipped until I recei. I can go from home to New York in 4 days can go from here to St. Louis Mo in 4 days in 12 or 18 months more can go from home to almost any part of the United States in a week or 10 days. In a short time can go from home to Wytheville in 24 to 30 hours - upon the whole I think we live in a convenient Country. I have sold about \$10,000 worth goods this season which is plenty to sell a country place have sold at a fair Profit I am selling all goods but groceries at home 75 to 100 percent on first cost & the business is improving with me from the fact that the population is improving & also from the fact that Centre & service other places in the Country are not doing a great deal. Their have not been a Cart load of new goods received at Centre this fall in 4 stores they are trying to raise a little wind but I don't know how they will come out. I don't care to sell any more there I am selling them being scarce give me better chance for profits and a chance to pick my customers please write to me upon the reception of this send write often & give me all the information you can with regard to yern Country E. N.

write me when you expect to visit Grayson as we expect you then to visit ours if not sooner. If I was situated as you are I would take my rest the balance of my life Remember my love to all the cor???xion and particularly to cousin Lafayette. Martin & Jestain Hail

1880 LDS Census Records

With each newsletter, I will post all of the Nuckolls and variants found in one state at a time. I am hoping that someone who is looking for a lost ancestry may find them. This list will have the names, approx birth date, place born, and the relationship to the head of the household. Since I will post the index, you will need to contact me to look up the one you are interested in. I will then send you the complete household information. I will begin in the order that the LDS has the order of their CD's so I can easily mark my place.
